

FIRE BLANKET

model: FB001

The Bridela™ fire blanket fully complies with the requirements of the new European standard BS EN 1869: 1997 and has been independently tested and certified accordingly. It is available in a variety of standard sizes and has the added benefit over 25 years of fire protection experience behind it.

Efficiently packed in a choice of containers for domestic or industrial use, these blankets, when draped over a fire smother the danger by starving the fire of oxygen.

BRIDELA™

The Bridela™ fire blanket can also be used to wrap around a person whose clothes are on fire.

Suitable for use in a variety of different environments including kitchens, factories, offices, caravans, stores, schools, restaurants, hotels, boats, nursing homes, shops, laboratories, etc..
